For Immediate Release

## **Exciting Things Coming This Fall From Hydro Dynamics, Inc.**

Hydro Dynamics, Inc. (HDI) of Rome, Georgia ([www.hydrodynamics.com](http://www.hydrodynamics.com)) has many exciting new innovations launching this fall. Later this fall we will be launching a new lower cost “laboratory” ShockWave Power Reactor (SPR). This design will allow customers to have an SPR as a permanent fixture in their labs and pilot plants for testing. Also, HDI looks forward to announcing several new partnerships that will bring the SPR into new markets. HDI looks forward to leveraging these new resources.
